DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed 15 July 2005 amends claims 1, 33-35, and cancels claims 2, 12, 13, 20-32, 41. Applicant's amendment has been fully considered and is entered.

The following is an examiner's statement of reasons for allowance: The prior art does not disclose executing a first level of code functionality if an optional set of permissions in the requestable permission set is a subset of the permission set, and executing a second level of code functionality if a different optional set of permissions in the requestable permission set is a subset of the permission set.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
